

Shri Ambabai Temple Development Project Launched in Kolhapur

Source: TH

Union Home Minister laid the foundation for the new Pradakshina Marg and conservation work of the Parivar Devata Mandirs at the famous **Ambabai Mahalaxmi temple in Kolhapur**.

- **About:** The project is being developed under the idea of “**Vikas Bhi, Virasat Bhi**”, combining pilgrimage infrastructure with heritage conservation. It involves the renovation and corridor development of the historic Shri Ambabai Mahalaxmi Temple at an estimated cost of around ₹1,500 crore.
- **Heritage Conservation:** Special emphasis is being placed on preserving the temple’s historical and cultural character, including the conservation of 41 smaller temples around the main shrine in consultation with archaeological authorities.
- **Modern Pilgrimage Facilities:** The project will provide facilities such as a **Darshan Mandap, Annachhatra**, multipurpose hall, heritage galleries, light-and-sound show, AI-based security systems, LED lighting, parking and first-aid facilities.
- **Tourism and Local Economy:** The project aims to transform **Kolhapur into a major spiritual tourism destination**, improve the devotee experience, generate employment and boost the local economy through tourism-led development.

Ambabai Mahalaxmi Temple

- **About:** Located **in the sacred Karveer region**, it is one of **India’s revered Shakti Peethas** and has been a major centre of faith for devotees for centuries.
- **Presiding Deity:** It is dedicated to **Goddess Lakshmi**, locally worshipped as **Ambabai**, the goddess of wealth and prosperity.
- **Architecture and Idol:** The temple is known for its **Hemadpanti architectural style** and houses a **black stone idol of Goddess Lakshmi**, adorned with jewels and flowers.
- **Temple Complex:** The complex also includes shrines dedicated to **Lord Vishnu, Lord Shiva, Lord Ganesha and other deities**, making it a major cultural and spiritual centre of Kolhapur.
